What's smaller than nano? The ultra-thin, ultra sleek Kensington Pico FM Transmitter for iPod® nano. It uses the bright iPod screen for easy viewing of station information. Just tune your car or home stereo to a clear radio station, select the same station on your iPod and press play. ClearFM technology reduces noise and enhances stereo separation providing superior wireless audio quality and FM reception

Features and Benefits

- Ultra-thin, ultra sleek design matches perfectly with iPod® nano
- Play music from your iPod wirelessly through your car or home stereo
- Uses iPod's high resolution LCD to display station information, no software required for this functionality
- Advanced power technology minimizes battery drain on your iPod
- Easy to use station pre-sets
- ClearFM technology reduces noise and enhances stereo separation providing superior wireless audio quality and FM reception
- Actual size: 1in H x 1.62in W x 0.25in D
- For iPod or iPod mini with dock connector, also works with new iPod® nano and video.

Technical Specs

- ClearFM™ technology*
- *Technology under license from Aerielle, Inc. Covered by one or more US patents 6,671,494; 7,120,403 and foreign patents pending
