Auxiliary Car Kit with Remote Control.
Listen to your tunes through your car stereo with the LiquidAUX™ for iPhone and iPod. Designed for vehicles with auxiliary ports in the center console, it delivers pure sound and a wireless remote for full playback control.

Features and Benefits

- Superior sound quality from the direct auxiliary port connection through your car stereo system
- 2.4GHz wireless remote control lets you play/pause and skip tracks on your iPhone and iPod
- Charges iPhone and iPod
- Smart audio sensor for auto on/off power to conserve car battery
- Fits most iPhone and iPod models in a case
- Includes 4ft. audio extension cable to reach auxiliary ports far away from power port

Technical Specs

- Compatible with any iPhone and iPod with dock connector (excluding 3rd Generation iPod)
- 3.5mm audio cable
- 2.4GHz wireless remote with optional steering wheel mount
- Designed for vehicles with an auxiliary port
