Auxiliary Car Kit with Remote Control.
Enjoy pure sound and remote control of your iPhone and iPod with the LiquidAUX™ Deluxe. Designed specifically for vehicles with in-dash auxiliary ports, it even charges and holds your iPhone and iPod securely within view while you drive.

Features and Benefits

- Superior sound quality from the direct connection to auxiliary port in your car stereo system
- 2.4GHz remote control lets you play/pause and skip tracks on your iPhone and iPod
- Dock adjusts to fit most iPhone and iPod models, even in a case
- Flexible gooseneck and rotating cradle for optimal positioning
- Charges iPhone and iPod
- Smart audio sensor for auto on/off power to conserve car battery
- Includes 4ft audio extension cable to reach auxiliary ports far away from power port
- Smart dock features: one arm release in landscape mode so iPhone/iPod doesn't fall out, adjustable backrest

Technical Specs

- Compatible with any iPhone and iPod with dock connector (excluding 3rd Generation iPod)
- 3.5mm audio cable
- 2.4GHz wireless remote with optional steering wheel mount
- Designed for vehicles with an in-dash auxiliary port
