

Rechargeable Pocket Booster for Mobile Phones

Idea: A jolt of juice for your mobile phone.

Product Number **K38036US**
Sugg. Street Price **\$24.99**

When you're in a crunch, the Kensington Rechargeable Pocket Booster for Mobile Phones has the power to keep your calls going. Keep it in your bag or pocket and you'll never have to worry about losing another call. And the rechargeable AAA batteries inside can even be used to power wireless mice and other devices.

Features and Benefits

- Provides up to 3 hours of extended talk time on your mobile/smart phone, and can be used while you talk*
- Use the included mini-USB charging cable to charge your RIM® BlackBerry
- Plug the USB connector into any USB power port, like the one on your notebook, to recharge the AAA batteries
- Remove the rechargeable AAA batteries inside and use them to power your wireless mouse or other device
- Slim, lightweight design that fits in your pocket
- Use with any USB cable to recharge mobile devices like your cell phone, MP3 player and more
- *Extended talk time is dependent on the age and condition of the rechargeable batteries in the unit and the age, condition, and size of the battery in the mobile device. Amount of extended talk time will vary depending on these factors.
