Don't call this a brick. The Kensington Wall Ultra Compact Notebook Power Adapter is smaller and lighter than a standard power adapter* and charges other mobile devices so you'll have fewer chargers to worry about. It's even ENERGY STAR® qualified, so it uses an average of 30% less energy than conventional power adapters.

Features and Benefits

- 43% smaller and 32% lighter than standard power adapters*
- Built-in USB power port charges mobile devices
- Retractable mini USB charging cable and micro USB adapter tip included
- ENERGY STAR® qualified, so it uses 30% less energy than conventional adapters
- Compatible with notebook computers from HP®/Compaq®, Dell®, Acer®, Toshiba®, Lenovo®/IBM®, Sony®, Gateway®, and Asus®
- Some notebook power tips may not be compatible with all notebook models of the manufacturers as shown. The most up-to-date compatibility information can be found by visiting www.kensington.com
- Some notebooks/devices have very specific electrical requirements that may result in no compatible notebook power tips being available for that notebook/device.
- *Based on regular 90 watt adapter
