

GlareMaster® Glare Filters

Computer Vision Syndrome (CVS) includes symptoms like eyestrain, headaches, dry eyes, eye fatigue, and neck/back ache. CVS is the #1 Ergonomic complaint today with 1 out of 7 eye doctor visits due to CVS symptoms.* A Cornell University Glare Filter Research Study showed that 80% of participants indicated that a glare filter made it easier to read the screen.

Available in several different models, the Kensington GlareMaster line has a solution for different work environments that can help reduce CVS symptoms.

GlareMaster Premium Filters

Contour frames 55397 16"-18", 55398 19"-21"

Flat frames 55345 12"-15", 55346 16"-18", 55347 19"-21"
