

Flat Panel Monitor Accessories

KENSINGTON®

Kensington has developed seven new products that significantly improve style, comfort and productivity when using flat panel computer monitors. This is the first series of accessories specifically developed to complement the clean design of flat panel displays, while maximizing workspace and improving functionality.

Flat Panel Monitor Stand 60038

The only stand designed to take full advantage of the space-saving benefit of flat panel monitors.

- Allows users to gain valuable workspace and keyboard storage
- Improves desk organization with two adjustable shelves for speakers, PDA cradles, etc.
- Height adjusts 2 1/2" – 4 1/2" to create the most comfortable viewing position
- Supports flat panel monitors up to 21" or 35lbs.

Flat Panel Desk Mount Arm 60056

Allows monitors to "float" and rotate in virtually any location and position above the desktop.

- Extends up to 9" in any direction
- Rotates 360° at the base
- Tilts 90° up, down, left or right
- The base of the arm can be set to three different height levels
- Clamps to desks up to 4" thick, with no drilling required
- Rotates from landscape to portrait position
- Supports up to 20lbs.
- Works with VESA compliant or "zero footprint" flat panel monitors

Flat Panel Cubicle Hanger 60058

The first accessory to take the flat panel monitor completely off the desktop in cramped cubicle areas.

- Patent-pending design works with cube walls 1" to 4" thick and 20" to 48" high
- Monitor height can be set at one of eight levels
- Tilts 90° up, down, left or right
- Rotates from landscape to portrait position
- Supports up to 20lbs.
- Works with VESA compliant or "zero footprint" flat panel monitors

Flat Panel Privacy Filters

55663 15"
55664 17"

Provides a safeguard for users working on private or confidential information.

- A special film blurs the monitor's display when viewed from either side at more than 25° from the center
- Specially coated to prevent smudges and damage to the sensitive LCD screen
- Tinted to reduce eyestrain and improve contrast and color definition
- Thin frame does not interfere with monitor controls or speakers

Flat Panel Glare/Protective Filters

55635 15"
55636 17"

Protects the sensitive LCD screens of flat panel displays, while significantly reducing eyestrain by improving contrast and color definition.

- Meets AOA specifications for computer monitor glare reduction
- Reduces glare 99%
- Thin frame complements the design of flat panel monitors without covering controls or speakers
