Easy-to-install MicroSaver® Keyed Desktop Lock serves as a strong physical and visual deterrent to theft to protect all your equipment. Secures up to three pieces of computer or office equipment. Steel cable daisy chains individual items together, or anchors everything to one location. Specially designed security plates bond to equipment or desktop surfaces. Corporate custom keyed solutions also available for the whole team.

Features and Benefits

- Cable and lock secure desktop computers and other valuable office hardware.
- Dome-shaped plates adhere to existing office equipment.
- Plates resist wrenching, hammering and prying; withstands 750 lbs of pull strength.
- Custom keying options available in a Master access, Shared access, or Supervisor-only access
- 6-ft steel cable daisy chains individual items together.

Technical Specs

- Cable and lock device to secure desktop computers and other valuable office hardware.
- Strong, light, 6 foot steel cable.
- Universal security product.
- Attractive and functional adhesive plates (3).
