

## Desktop MicroSaver® - Shared Access

Safeguard your entire desktop computer system.

Product Number **K64188L**  
Sugg. Street Price **\$0.00**

Desktop MicroSaver® security system is a physical and visual deterrent to theft. Secures up to three pieces of equipment. The Custom Desktop MicroSaver is the most popular option for corporate users. Custom keyed solutions give you more control over equipment while safeguarding employees from notebook and data theft. Custom keyed options also protect against down-time caused by lost keys. The Shared Access solution allows all user keys to open all locks so multiple users can work from shared work stations.

### Features and Benefits

- Cable and lock secure desktop computers and other valuable office hardware.
- Plates adhere to existing office equipment.
- Dome-shaped plates resist wrenching, hammering and prying; withstands 750 lbs of pull strength.
- 6-ft steel cable daisy chains individual items together.
- Online key code registration to replace lost keys.

### Technical Specs

- (3) Dome shaped plates
- 6-ft steel cable
- Super-strength glue
