

# KENSINGTON®

## Expert Mouse®/ Turbo Mouse® Line

For PCs and Macs

**M**ore options. Less effort. Leading the way with its first award-winning trackballs a decade ago, Kensington has continued to design input devices that keep pace with technology. Now, Kensington innovation offers you more versatility than ever. Go where you want to go with DirectLaunch™. Scroll with ease. Go instantly to favorite Web sites. Streamline repetitive tasks. Plug into PC or Mac, USB or ADB. Kensington does it all.

*Expert Mouse® Pro offers maximum power and versatility.*

### Turbo Mouse® Pro

The premiere trackball for Mac® users gives you more powerful options for using your Mac than ever before.

- Six DirectLaunch buttons launch applications and open Web sites with a single touch
- Four large, programmable mouse buttons automatically perform repetitive tasks
- Large ball and stainless steel bearings for precise cursor control
- Integrated scroll wheel pages quickly through long documents or Web sites
- Designed in colors to complement your Mac

*Do more with your Mac using Turbo Mouse® Pro.*

64214 Turbo Mouse Pro

### Expert Mouse® Pro

Enjoy more power, flexibility, and convenience at your fingertips than with any other USB trackball designed for PCs.

- Six DirectLaunch buttons access applications and Web sites with a single touch
- Four large, programmable mouse buttons streamline repetitive tasks
- Large ball and stainless steel bearings for precise cursor control
- Integrated scroll wheel speeds through long documents or Web pages
- Sleek design, cool metallic look

64213 Expert Mouse Pro

## Turbo Mouse® USB/ADB

The definitive trackball for Mac® users continues to be a winning accessory. It's the right choice for people wanting a powerful trackball for either USB or ADB ports.

- Four programmable buttons
- Large ball and stainless steel bearings
- Symmetrical design
- Colors to complement your Mac
- Kensington guaranteed quality

64210 Turbo Mouse® USB/ADB

*Perfect for Macs with either ADB or USB ports, the Turbo Mouse offers superior power and precision.*

## Expert Mouse® USB/PS2

The innovative trackball design from Kensington has stood the test of time. Now it's available with USB/PS2 connectivity.

- Four programmable buttons
- Large ball and stainless steel bearings
- Symmetrical design
