

MicroSaver® DS Keyed Notebook Lock

The Most Secure Lock from Kensington!

Product Number **K64343**
Sugg. Street Price **\$54.99**

Losing your notebook is unthinkable. Protect your computer with incomparable security, the disc lock. The most advanced disc locking technology is featured with carbon tempered steel core cable, external braided steel sheath, and patented T-bar locking mechanism that attaches to the standard Kensington security slot found in 99% of notebook and computer devices. From Kensington, the world leader in notebook security.

Features and Benefits

- Advanced, nearly impenetrable disc-lock technology
- 3 layers of cable strength: carbon tempered steel core, aircraft-grade steel cable, external steel braided sheath
- 6-ft carbon tempered steel cable
- Patented T-bar locking mechanism provides superior locking strength in the security slot and theft protection
- Easy to install and use to protect high security computer devices
- Fits in the standard Kensington security slot found in 99% of notebooks, and also many desktops, flat panel monitors, projectors, printers, docking stations, tablet PCs and other devices
- Sleek styling and design won't block notebook ports or lift a notebook off the desk

Technical Specs

- Advanced Disc-lock technology
- 6-ft Carbon tempered steel cable
- Patented T-bar lock for most secure grip to the slot
- Rubber tie for cable cord management and portability
- Includes two keys
