The Kensington Ci70 Photo Sync Desktop Set not only lets you type and mouse around but it gives you a simple way to connect to your mobile devices. The mini USB cable and built-in USB port allow you to easily download images from your digital camera, sync your music library with your MP3 player and more.

Features and Benefits

- Download images from your digital camera, and sync your smartphone or MP3 player with the built-in mini USB cable or USB port
- Wireless laser mouse tracks on almost any surface
- Dedicated media keys and hot keys for instant access to applications, media controls and more
- USB port allows you to use a flash drive or any other USB device
- With a 35% smaller footprint, low-profile design and a sliding door the keyboard saves space and looks good doing it
- Wireless mouse with removable receiver so you can take it with you
- Set is ready to use out of the box; no pairing necessary

Technical Specs

- 1 Mini USB cable
- 1 USB 2.0 port
- PC and Mac compatible
- Wireless laser mouse
