The Kensington Ci65m Wireless Notebook Optical Mouse combines the convenience of wireless with the comfort of soft, contoured rubber. The flexible design works for left or right-handed users, and includes a smart receiver that is stored directly under the mouse. It's the perfect hassle-free companion to your notebook or netbook computer.

Features and Benefits

- Optical technology for precise tracking
- 3-buttons plus scroll wheel for easy navigation
- Soft, molded rubber provides superior comfort
- Snap-in receiver stores easily and automatically turns the mouse off when stowed
- Battery level indicators signals when you at 40% usage left, then 10% giving you ample time to replace. Battery life expected up to 1 year of use on 2 AA batteries (batteries included)

Technical Specs

- PC running Windows XP®, Windows 2000 - Macintosh running Mac® OSX v 10.2.8 or later
- Available USB port
