The Kensington SlimBlade™ Trackball Mouse works where other travel mice can't. The trackball gives you control even when there's no room to move a mouse, then switches to mouse mode with the push of a button. Bluetooth® connectivity offers up to 30 feet of range and doesn't use up a USB port.

Features and Benefits

- Full-featured laser mouse allows you to navigate through your documents with superior precision
- Unique Scroll Ball provides easy and intuitive 360° scrolling
- Trackball mode gives you cursor control in tight spaces and on any surface
- Bluetooth® wireless technology for an instant connection--leave your USB ports available for other devices
- Fuel gauge indicator lets you know when it's time to change your batteries
- Never worry about turning your mouse on or off again--your mouse goes into sleep mode when your notebook does
