Take your presentations on the road and give them in style with the Kensington SlimBlade™ Presenter Mouse. It's sleek, ultra-thin design slips in a pocket and feels great in your hand. And with laser tracking, the mouse delivers exceptional tracking on almost any surface.

Features and Benefits

- Full-featured ultra-thin mouse allows you to navigate through your documents and travels easily
- Presentation mode with backlight technology tells you when you are ready to start your presentation
- Sculpted design fits your hand
- Never worry about turning your mouse on or off again-- your mouse goes into sleep mode when your notebook does
- 4-way tilt scroll lets you quickly maneuver through documents and graphics just by moving your fingertip
- USB Micro receiver stores inside the mouse
- Battery indicator light is green then changes to red as the battery level is getting low

Technical Specs

- Laser mouse
- Presenter mode
- 4-way tilt scroll
- 2.4 GHz wireless -- Up to 30 ft. range
- Up to 6 month battery life & battery indicator
